Oxfordshire Health and Wellbeing Board

**Easy Read**

We want to know what you think about our Big Plan

Oxfordshire Clinical Commissioning Group

Oxfordshire County Council  NHS  Oxfordshire LINK
Oxfordshire’s Big Plan says what we want to do to improve the health and wellbeing of...

...children

...young people

...families

...adults and

...older people

The Big Plan also says...

...that we will work together with lots of other people and...

...that we have chosen 11 important things to work on – we call these our priorities.
Some information…

There is a **new law** which says that everyone should be involved in making decisions.

We want your **views and ideas** about the priorities we're suggesting.

We have already collected lots of **information** to help us with our plan.

The **Health and Wellbeing Board** is made up of Councillors, GPs, Council staff, and LINk (who speak for the public).
The 11 priorities

1. Making health and social care services better for older people and their carers.

2. Supporting older people to live with dignity and greater independence.

3. Supporting adults with long-term health conditions or disabilities to live independently and achieve their potential.

4. Keeping all children and young people safe.
5. Helping all school children, young people and school leavers to **achieve greater things**.

6. Making sure our most disadvantaged children and young people **do as well as they can**.

7. Making sure all children have a **healthy start** in life and then that they stay healthy.

8. Preventing early death by...
   
   …**reducing** the number of **smokers** and
   
   …**increasing health checks**.
9. Preventing long term disease by…
   …tackling obesity and
   …increasing exercise.

10. Improving housing.

11. Stopping disease spreading by using injections.

We have set targets to help us meet the priorities.
We want to hear your views on the following…

Have we got our **priorities** right?

Have we got our **targets** right?

**What else** should we include?

Anything else you **want to say**?
To find out more and to let us know your views

If you want to complete our survey, attend a workshop, or comment on the Big Plan you could...
