Survey of Equality and Diversity Objectives

Give us your feedback on the things we plan to work on to improve the equality of local healthcare.

Oxfordshire Clinical Commissioning Group

NHS
Oxfordshire Clinical Commissioning Group is...

A new organisation in the NHS that is led by GPs, but includes other health specialists and managers.

Their job is to plan and buy local health services for people that live in Oxfordshire.

It is important that they buy health services that match your needs and are what you want, so they want to know what you think.
We would like to know if you agree or disagree with the things in the survey. Put a tick in the box next to the words that match how much you agree or disagree.

If you would like to give more feedback please email us at talking.health@oxfordshirepct.nhs.uk
